STAY SAFE & ENJOY

Health Statement

Dear Guest

Thank you for choosing to stay with Dan Hotels.

We are doing everything we can to safeguard your health and the health of our team members, while maintaining the highest quality of hospitality and service for which our hotels are known.

It is precisely in order to keep up with these high standards that we have drawn up the following Cleaning Convention:

Checking your temperature and wearing a mask

- When you enter the hotel, we will safely check your temperature using advanced technological means. Only people with a temperature no higher than 100 °F will be permitted to enter.
- For your convenience, you will receive a care package containing a face mask, sanitizing gel and wet wipes.

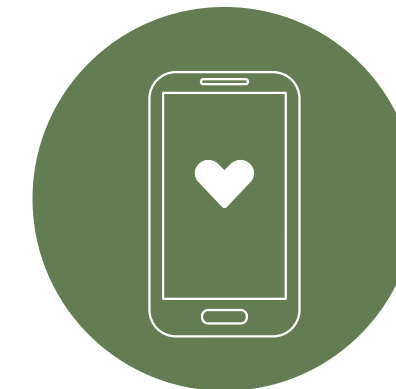

Food & Beverages

- We are committed to serving you the same high-quality food options at mealtimes that you have come to love and appreciate. In the buffets, food will be served in a sterile way in individual packs, and not from open serving dishes. The food will be served by our waiting staff in closed containers
- Seating configurations in the dining hall follow social distancing rules, while avoiding any queuing
- Guests will be seated in a phased manner

Cleanliness and Hygiene

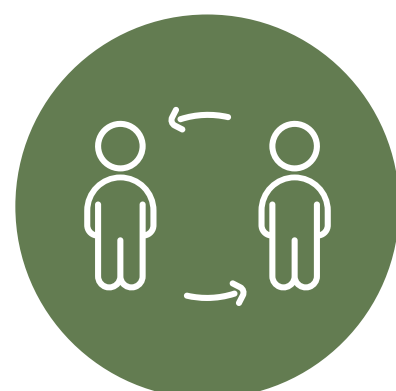

- We are committed to thoroughly cleaning and hygiening all the guestrooms and public spaces inside and outside the hotel. This includes surfaces, furniture, accessories, dishes and tableware, fabrics, the air-conditioning units, drinking water systems, and all devices.

Dan App*

- We invite you to use our advanced application that was developed exclusively for Dan Hotels guests. Where applicable, the Dan App allows you to complete a range of actions during your stay without the need for any physical contact, such as check-in, check-out, unlocking doors and making payments.

* selected hotels only

Social distancing

- The public spaces and areas in and around the hotel allow you to enjoy yourself, pamper yourself and relax while obeying the rules of social distancing.

Please do not hesitate to contact us for further information and for precise details about our sterilisation procedures in the public spaces and guestrooms. We sincerely thank you for your understanding, and we wish you a safe and enjoyable stay with us.
